

HARDWARE/SOFTWARE REQUIREMENTS

In order to work at home, there are certain minimum requirements your system must meet to access our voice system and transcribe in our software.

Please note the requirements below:

1. You must have a “Windows 7” operating system.

NOTE: Although we anticipate our software will support Windows 8.1 in the near future, it does not at this time. No Windows 10.

2. You must have “Microsoft Word 2003, 2007 or 2010” (no 2013).
3. You must have “IE 8”.
4. Your computer must have a minimum of:
 - A. At least 1.00 GB of RAM.
 - B. CPU must have at least 3.00 GHz of memory.

PLEASE REMEMBER – THESE ARE MINIMUM REQUIREMENTS.
